PROFESSIONAL SUMMARY

I am a results focused full stack developer, proficient in React, Next.js, and Node.js, building fast, secure, web applications with clean code and effective RESTful APIs.

CORE SKILLS
- **Frontend:** React, Next.js, Redux, React Query, TypeScript, Tailwind CSS, Bootstrap, HTML5/CSS3.
- **Backend:** Node.js, Express.js, MongoDB, REST API Development.
- **Tools & Security:** Authentication (JWT, OAuth), Cloudinary, Payment Gateways.
- **DevOps:** CI/CD Pipelines, GitHub Actions, Vercel, AWS.

TECHNICAL PROJECTS
- E-Commerce Store (Mobile Shopping App) **View Project**

Developed a modern, single-page E-Commerce application focused on mobile responsiveness.
Collaborated with a team to improve operational systems and business practice models.
Optimized UI components using React/Next.js, improving user engagement by 25%.

- Home Budget Application **View Project**

Built a digital ledger for personal finance management, allowing real-time tracking of income and expenses.
Integrated visual reporting features to help users monitor cash flow and spending categories.
Utilized a modern tech stack to ensure high performance and data accuracy.

- Movie Hub | **View Project**

Created a React-based web application to discover movies and TV shows using the TMDB API.
Implemented search functionality and dynamic data fetching for a seamless user experience.
Deployed via Vercel with automated CI/CD pipelines, reducing release cycles.

KEY ACHIEVEMENTS
API Development: Developed 10+ RESTful APIs and integrated critical services like JWT and Cloudinary.
Performance: Improved web app performance by 25% through high-fidelity UI components.
Workflow: Reduced release cycle time from weekly to daily by implementing GitHub Actions.

EDUCATION
- Intermediate | Govt College, Sargodha
- Bachelor of Science in Computer Science |Virtual University of Pakistan
